

## USA – VISA ISSUED AT THE EMBASSY

**Waiting time:** each person applying for a visa must appear in person at the US Embassy - the waiting time for the meeting is about 2 weeks, then the process time is about 5 working days.

### Required documentation:

- a scan of the passport photo page
- a completed visa application (DS160 table)

**Set of documents should be sent by e-mail to the following address:** [wizy@wecotravel.pl](mailto:wizy@wecotravel.pl)

As a standard, we start the verification and application process on the next business day after receiving the set of documents. Completing the application and making an appointment takes about 2 business days.

### Required documents at the meeting at the Consulate:

- passport and previous passports
- passport photo in size 5x5
- confirmation of submitting the DS160 application (generated by Weco-Travel)
- appointment confirmation (generated by Weco-Travel)

### Visa

The B1/B2 tourist and business visa is multiple-entry, usually issued for 10 years. The visa expiration date is the last day you can enter the United States on that visa. The length of stay is not specified on the visa - this is determined by the Officer at the point of entry to the United States.

Weco-Travel's assistance includes completing the online form, paying for the visa, arranging a meeting at the Embassy and sending information and documents generated during the process (confirmation of submitting the application and confirming the appointment). After the meeting, passports always remain at the Consulate for visa purposes. The administrative process usually takes 2 to 5 business days from the time of the appointment.

**Important:** Please check the technical condition of your passport and the number of blank pages. The passport cannot have any technical damage, especially check the condition of the first page with the photograph.
